Correction on announcement
L.Anderson, N.Mnev
"Triangulations of manifolds and combinatorial
bundle theory: announcement",
Zap. Nauchn. Sem. POMI v. 267 (2000)

September 7, 2005

Due to discovery of unfortunate mistakes in proofs of Oda Conjecture we can not use it for annouced results, while now we developed a bypass of Oda Conjecture for the most of announced results, using detailed combinatorial analysis of newly developed high-dimensional generalization of the Fragmentation Lemma for PL-isotopy. Lengthy and elementary development of this subject is almost ready, at least in Russian

Yours Nikolai Mnev
