

ANATOL SLISSENKO

**On N. A. Shanin's legacy**

University Paris–East Créteil, France

*E-mail:* `anatol.slissenko@sfr.fr`

The talk surveys research, teaching and organizational activity of N. A. Shanin (1919–2011), and their great impact on the development of research in logic, theory of algorithms, algorithmic and complexity in Leningrad and elsewhere.
