Proceedings of the International Conference “Days on Diffraction 2025”, St. Petersburg, Russia

Edited by **O.V. Motygin** (Institute for Problems in Mechanical Engineering, St. Petersburg)
A.P. Kiselev (St. Petersburg Department of V.A. Steklov Mathematical Institute)
T.M. Zaboronkova (Aleksiev State University of Nizhny Novgorod)
E. A. Zlobina (St. Petersburg State University)

“Days on Diffraction” is an annual conference taking place in May–June in St. Petersburg since 1968. The present event is organized by St. Petersburg Department of the Steklov Mathematical Institute and St. Petersburg Leonhard Euler International Mathematical Institute.

The conference is supported by the Ministry of Science and Higher Education of the Russian Federation (agreement 075-15-2025-344 dated 29/04/2025 for St. Petersburg Leonhard Euler International Mathematical Institute).

The Organizing Committee thanks all scientists from different parts of the world who participated in the on-line conference “Days on Diffraction 2025”. Of special gratitude are the authors of extended abstracts submitted to the Proceedings; 33 of the papers (selected by peer-review) are published in the present issue.

Organizing committee: V.M. Babich /Chair/, M.I. Belishev /Vice-chair/,
I.V. Andronov, P.A. Belov, L.I. Goray, A.P. Kiselev, M.A. Lyalinov,
V.S. Mikhaylov, O.V. Motygin, M.V. Perel, V.P. Smyshlyaev,
T.M. Zaboronkova, N. Zhu, E. A. Zlobina
