Curriculum Vitae of Timofey Shilkin

Personal data:

- Last name: Shilkin

  First name: Timofey

  Middle name: Nikolaevich
- Office Address: V.A. Steklov Mathematical Institute, St.-Petersburg Branch, 191023, Russia, St.-Petersburg, Fontanka 27, office rooms 404 and 408.
- Year of birth: 1971
- Place of Birth: St.-Petersburg (former Leningrad), Russia
- Marital Status: married, 2 stepsons born in 1995 and 1997, 2 sons born in 2008 and 2012

Education:

- Ph.D. Degree: V.A. Steklov Mathematical Institute, St.-Petersburg Branch, 1997. Candidate dissertation "On the regularity for generalized solutions to mathematical problems of the plasticity theory and the theory of non-Newtonian fluids" in specialty: "Differential Equations". Advisor - Professor Gregory A. Seregin.
- Master Degree: St.-Petersburg State Polytechnical University, 1994. Diploma in speciality: "Applied Mathematics". Advisor - Professor Gregory A. Seregin.
- High school: graduated from St.-Petersburg Lyceum 30 in 1988.

Employment:

2004-now:	senior scientific researcher, V.A. Steklov Mathematical Institute, St.-Petersburg
2018-now:	associate professor at BSc program in Mathematics and TCS, St.-Petersburg State University
Fall 2017:	associate professor at St.-Petersburg Academic University
2013-2016:	associate professor of Mathematics and Mechanics Faculty, St.-Petersburg State University
Spring 2007:	visiting assistant professor, Arizona State University, USA
Spring 2005:	visiting assistant professor, Arizona State University, USA
1997-2003:	scientific researcher, V.A. Steklov Mathematical Institute, St.-Petersburg
1994-1997:	graduated student, V.A. Steklov Mathematical Institute, St.-Petersburg
1994-1995:	assistant Professor, Department of Applied Mathematics, St.-Petersburg State Polytechnical University

Teaching Experience:

Undergraduate courses in in Russia:

- Undergraduate course on Functional Analysis [at St.-Petersburg Polytechnical University]
- Undergraduate course on physics for students of mathematical faculty (electrodynamics, continuum mechanics) [at St.-Petersburg State University]
- Undergraduate course on ODEs [seminars at Academic University]
- Undergraduate courses on PDEs [Basic PDE course for BSc program in Mathematics and TCS at St.-Petersburg State University]
- Various courses on PDEs and related topics (boundary value problems, Sobolev spaces, theory of distributions, theory of potentials, harmonic functions and others)

Graduate courses in Russia:

- Graduate course on regularity of solutions to nonlinear elliptic equations
- Graduate course on parabolic equations
- Graduate course on mathematical hydrodynamics (the mathematical theory of the Navier–Stokes equations)
- Graduate course on quantum mechanics for mathematicians [at St.-Petersburg State University]

Courses in the US (at the Arizona State University):

- Undergraduate course on Linear Algebra [MAT 342 at the ASU]
- Undergraduate course on Introduction to Mathematical Structures [MAT 300 at the ASU]

Research Interests:

Main activities in mathematical hydrodynamics, general theory of nonlinear partial differential equations, its applications to problems motivated by the mechanics of continuum media. At present the main areas are:

- existence and regularity of solutions to the Navier-Stokes equations
- coupled systems: the MHD equations, fluids with energy transfer and others
- general regularity theory for elliptic and parabolic equations and systems
- non-Newtonian fluids: modelling, solvability and regularity theory

Conferences:

1. International Conference "Recent Trends and Advances in PDEs and Numerical PDEs", Iowa State University, Ames, Iowa, USA, August 2-5, 1998.
2. "Analysis and Approximation of Boundary Value Problems", University of Jyvaskyla, Jyvaskyla, Finland, October 15-16, 1998.

3. "Topics on Fluid Dynamics", Coimbra, Portugal, July 1999.
4. International Conference "Differential Equations and Related Topics" dedicated to the Petrovskii 100-th anniversary, Moscow State University, Russia, May 22-27, 2001.
5. "Topics on Regularity for Partial Differential Equations", CMAF / Lisbon University, Portugal, November 10-12, 2001 (member of the Organizing Committee).
6. "Navier-Stokes Equations and Related Topics", St.-Petersburg, Russia, September 11-19, 2002 (talk, member of the Organizing Committee).
7. Conference in honor of Prof. V.A. Solonnikov 70-th anniversary, Obidos, Portugal, June 2003.
8. Italian-Russian Workshop "Directions on Partial Differential Equations", Ferrara, Italy, November 6-9, 2003.
9. International Workshop on the Navier-Stokes equations, Keio University, Yokohama, Japan, May 6-8, 2004.
10. International Conference "Differential Equations and Related Topics" dedicated to I.G. Petrovskii, Moscow, Russia, May 16-22, 2004.
11. International Conference "Partial Differential Equations in Mathematical Physics" (in memory of Olga A. Ladyzhenskaya), Trento, Italy, October 24-30, 2004.
12. Fourth International Conference on Differential and Functional Differential Equations, Moscow, August 14-21, 2005.
13. Workshop "Navier-Stokes and Turbulence", Wolfgang Pauli Institute (WPI) Vienna, Austia, April 10-14, 2006.
14. International Conference "Mathematical Hydrodynamics", Moscow, June 12-17, 2006.
15. International Conference "Geometric Methods in Nonlinear PDE's and Free Boundary Problems", St.-Petersburg, Russia, August 17-20, 2006.
16. "Parabolic and Navier-Stokes Equations", Stefan Banach Mathematical Center, Bedlewo, Poland, September 10-17, 2006.
17. International Conference "Differential Equations and Related Topics" dedicated to I.G. Petrovskii, Moscow, Russia, May 21-26, 2007.
18. International Conference "Mathematical Hydrodynamics: Euler Equations and Related Topics", St.-Petersburg, June 7-9, 2007 (member of the Organizing Committee).
19. International conference "Euler Equations: 250 Years On", Aussois, France, June 18-23, 2007.
20. International Workshop "Mathematical Aspects of Hydrodynamics", Oberwolfach, July 19-25, 2009.
21. International conference "Analysis and Computation of Incompressible Fluid Flow", University of Minnesota, February 21-26, 2010.
22. POMI-MIAN conference "Problems in the Theory of Stability and Differential Equations", St.-Petersburg, December 20-22, 2010.
23. International conference "Differential Equations and Related Topics" dedicated to outstanding mathematician I.G. Petrovskii (23-d meeting), Moscow, May 29 – June 4, 2011 (joint talk with Victor Vyalov).
24. International conference "Advances in Mathematical Analysis of PDEs", Mittag-Leffler Institute, Stokholm, Sweeden, June 9-13, 2012.

25. International Workshop "Mathematical Aspects of Hydrodynamics", Oberwolfach August 12-18, 2012.
26. International conference "Mathematical Hydrodynamics and Parabolic Equations" in honour of Vsevolod Solonnikov on the occasion of his 80th birthday, September 11-14, 2013, St. Petersburg, Russia (member of the Organizing Committee).
27. Clay Research Conference "The Navier Stokes Equations and Related Topics", University of Oxford, Oxford, UK, 29 Sep-01 Oct 2013.
28. International Conference on Recent Advances in PDEs and Applications (on occasion of Professor Hugo Beiro da Veiga's 70th birthday), Levico Terme (Trento), Italy, February 17-21, 2014.
29. Progress in Nonlinear Partial Differential Equations, Lisbon, Portugal, May 29-31, 2014.
30. 7th St.Petersburg Conference in Spectral Theory dedicated to the memory of M.Sh.Birman, St.-Petersburg, Euler Institute, July 3-6, 2015.
31. Mathematical Aspects of Hydrodynamics, Oberwolfach, Germany, August 9-16, 2015.
32. Towards regularity, Warsaw, Poland, September 7-9, 2016.
33. Vorticity, Rotation and Symmetry (IV) Complex Fluids and the Issue of Regularity, Luminy, Marseille, France, May 8 - 12, 2017.
34. Modern Methods and Problems of Mathematical Hydrodynamics, Voronezh, Russia, May 3 - 8, 2018.
35. International Conference "PDEs and Mathematical Hydrodynamics: A conference in Honor of Vsevolod Alekseevich Solonnikov's 85'th Birthday", St.-Petersburg, Russia, July 30 - August 3, 2018 (Chairman of the Organizing Committee).

Visiting experience:

- CMAF/Lisbon State University (Portugal), May-July 1999, 3 months.
- Iowa State University (USA), November 1999, 2 weeks.
- Saarland University (Germany), September-October 2000, 2 months.
- Iowa State University (USA), April-May 2001, 1.5 months.
- CMAF/Lisbon State University (Portugal), October-December 2001, 2.5 months.
- Ajou University (South Korea), April-May 2002, 2 months.
- CMAF/Lisbon State University (Portugal), October-December 2002, 3 months.
- Keio University, Yokohama (Japan), May 2004, 2 weeks.
- Arizona State University (USA), October-December 2004, 2.5 months.
- Arizona State University, USA, Spring 2005 (teaching)
- Charles University, Prague (Czech Republic), February 2007, 1 month.
- Arizona State University, USA, Spring 2008 (teaching)
- Warsaw, Poland, June 2014, 3 weeks.
- Warsaw, Poland, June 2015, 1 month.
- Warsaw, Poland, September 2016, 1 month.
- TU Darmstadt, Germany, November–December 2016, 1 month.

Invited Speaker at Seminars:

- Princeton University (USA), May 3, 2001.
- Mathematical Institute of the Czech Academy of Sciences, Prague (Czech Republic), June 13, 2001.
- University of Santiago de Compostella (Spain), December 13, 2001.
- Many other seminars.

List of Publications:

1. G. Seregin, T. Shilkin, *"Some remarks on the mollification of piecewise-linear homeomorphizms"*, Zapiski nauchn. sem. POMI, **221** (1995), pp. 235–242.
