PREFACE

The International Seminars “**Days on Diffraction**” are annually held by the Faculty of Physics of St.-Petersburg University, St.-Petersburg Branch of V.A. Steklov Mathematical Institute and Euler International Mathematical Institute of the Russian Academy of Sciences.

More than 100 talks were presented during the four days sessions of “Days on Diffraction – 2006”, 117 abstracts are published in the Seminar booklet that was distributed to the participants at the registration. This book contains the texts of 38 selected talks.

We are thankful to those authors who submitted their texts formatted in \LaTeX in accordance with the style file, which can be found on the Web site of Days on Diffraction.
